

„Dreaming about better supply chain and logistics? Make it happen with **AIM PARTNERS** powered by anyLogistix“

ANYLOGISTIX

 **AIM PARTNERS**
AUTOMOTIVE INTERIM MANAGEMENT

Challenges you may be facing:

- HIGH NUMBER OF TRANSPORT FLOWS
- ECONOMIC DELIVERY QUANTITY
- FTL vs LTL SHIPMENTS
- LOW TRANSPORT UTILIZATION
- HIGH INVENTORY
- HIGH TRANSPORT COSTS
- CO2 EMISSIONS

When cooperating with AIM PARTNERS and its know-how we can ensure your supply chain is lean, agile, and robust. In anyLogistix we create a digital twin of your supply chain to get powerful insights, answer what-ifs, and develop your supply chain planning.

The supply chain digital twin helps us to provide a control tower view. The optimization and simulation capabilities of anyLogistix together with the longterm know-how of AIM PARTNERS enable to create plans with network optimization and use simulation modeling to test and develop them.

Realized projects and shared case studies demonstrate a significant reduction in inventory levels (up to 40%) and an overall logistics reduction of up to 20%.

Are you interested in the tailor-made solution without necessity to buy own complex analytics software tool and expensive training of your own staff?

Contact us – we know how to apply the right solution for you.
